ABOUT US

Your personal transport partner in the North

Kings & Queens Mobility (KNQ Mobility) has provided business passenger transport from Groningen since 2024. We drive for companies, hotels and organisations: crews and technicians to the Eemshaven, guests and staff to Amsterdam Schiphol and the German airports, and regular rides on account.

We are deliberately a small organisation. You speak directly with our planning team, not a call centre, and you receive a fixed price in advance. Our services are available in English.

2024	9,000+	100%	TX-Keur

SERVICES

What we drive for your organisation

Crew transport Eemshaven

Shift changes and technicians for offshore wind, data centres and port companies. Scheduled or on call, including early mornings and late evenings.

Fixed price per ride or per project

Airport transfers

Schiphol, Groningen Airport Eelde, Bremen, Hamburg, Düsseldorf, Eindhoven and Weeze. We track the flight and adjust the pick-up time ourselves.

Fixed price per car, airport parking included

Business account

Rides for staff, guests and candidates on account. Book through one number, with one monthly invoice per project or cost centre.

Payment within 14 days

Hotels and events

Transport for hotel guests, speakers and visitors to conferences and events. Charged to the room or invoiced monthly.

Partner agreements on request

HOW WE WORK

Working together

1

Request

By phone, WhatsApp, email or the form on our website.

2

Fixed price

You receive a fixed price in advance, or a quote per project.

3

Confirmation

With pick-up time, address and car. Changes via the same number.

4

The ride

On time and well presented. Any delay is reported immediately.

5

Invoice

Monthly, with a ride overview per cost centre.

What you can expect

- **One point of contact** for planning, changes and invoices.
- **Fixed prices in advance**, no taximeter surprises.
- **English- and German-speaking service** for international crews and guests.
- **Professional transport** in clean, quiet electric cars.
- **Monthly ride overview**, ready for your administration.
- **Quarterly CO_2 report** for your sustainability reporting.

QUALITY AND ASSURANCE

Safe, insured and certified

Quality mark	TX-Keur: the Dutch quality and safety mark for taxi transport, with independent audits.
Drivers	Holding a valid Dutch taxi driver card and a certificate of conduct (VOG).
Insurance	Per car: taxi liability and comprehensive cover, with passenger insurance up to € 1 million. Business liability up to € 2.5 million (EU).
Privacy	We work in line with the GDPR. If you share personal data of staff or clients, we sign a data processing agreement.
Complaints and disputes	Report complaints to our planning team and we resolve them directly. If we cannot agree, you can turn to the Dutch Disputes Committee for Taxi Transport.
Terms	Our general terms (in Dutch) are at www.knqmobility.nl/voorwaarden.html.

SUSTAINABILITY

Electric, reported every quarter

Our entire fleet is electric. Business clients receive a quarterly CO_2 report of their rides, for use in their own sustainability reporting (for example scope 3, business travel).

We calculate with the official Dutch emission factors from CO2emissiefactoren.nl, across the full chain: the electricity we charge with is included.

Assumptions 2026: electricity 0.483 kg CO_2 per kWh (grid mix), diesel 3.27 kg CO_2 per litre. Tesla consumption 17 kWh per 100 km including charging losses; comparable diesel taxi 6.0 litres per 100 km.

Per 100 km

Comparable diesel taxi

19.6 kg

Kings & Queens Mobility

8.2 kg

About **58% less CO_2**, and no exhaust fumes where you get in.
